IRISE – Suryamitra Upskilling Programme

(Focus on 'PV-Port' Solar System)

[Duration : 10 Days]

Organised by

Mahatma Gandhi Institute of Rural Energy and Development

Srirampura Cross, Jakkur, Bengaluru-560064

About the Programme: MGIRED and SCGJ in partnership with RENAC, a Berlin based leading training provider, is implementing a GIZ funded project 'IRISE' across selected states and UTs in India. The project aims to improve PV rooftop installation quality and to support the market development of new PV rooftop segments across the country. The project will focus on up-skilling Indian solar installers (e.g. Suryamitra).

Description and objectives of the course: The course is aimed at solar technicians who have already received training.

The general objectives of the course are:

- to upgrade technical and business skills of course participants (trainees) generally, with specific emphasis being placed on installing and marketing the 'PV-Port' solar system.

The specific objectives will be:

- To develop practical skills
- To enable them to Perform sizing and design calculations correctly
- To upgrade them and fill gaps in technical theoretical knowledge
- To develop entrepreneurial/business skills.

The candidates with the following qualifications are eligible, however preference will be given to the candidates as indicated below

Essential qualification: Successful Suryamitra from various training institutes across Karnataka can apply.

Printed Application along with self attested Xerox copies of all relevant certificates should be forwarded to the address below.

(Batch capacity 25 students)

(Please mention IRISE – Suryamitra Upskilling Programme on the envelope)
